

REMARKS / ARGUMENTS

In the Office communication mailed December 7, 2005, the Examiner rejected claims 1-6 as being unpatentable over the prior art, and allowed claim 7.

The Examiner is requested to reconsider and further examine this application, as amended, for the following reasons given in connection with a discussion of the prior art.

Claims 1 - 6 have now been canceled, and claim 7 has been allowed.

It is submitted that the present application and its sole remaining claim (allowed claim 7) are now in condition for an early allowance. All the prior art of record has been reviewed and considered but are not felt to come within the coverage of the claim now in this case or to disclose or suggest the invention as specifically defined by the claim now in this case. If the Examiner is of the opinion that a telephone conference relative to this case would advance the prosecution, the Examiner is respectfully requested to call the undersigned attorney at the indicated telephone number.

Assignee respectfully requests that a timely Notice of Allowance be issued in this case.

Respectfully submitted,

Cetacea Sound, Inc., Assignee
